I support otome fujoshi

Oh please autumn you are such a hypocrite saying Kindness Matters while calling ladyyomi a fujoshi because she has gay ocs on her fanfic and a narcissistic just because she got guest comments off to stop you from bullying her. First you hated on Souji then her ocs and now on the gays? You need to stop your envy and obsession is showing you writing this to her in your anonymous profile was creepy and is proof that you are block evading to bully her

.....

And she? She needed no one.

She kept writing.

Under a different name.

With sharper teeth.

And yes—

They found her again.

But they still don't know for sure it's her.

This little town formed by AO3 and lof never judges works based on literary merit, but filters authors through moral judgment. You can write poorly as long as you're docile; no matter how well you write, if you're unconventional, you will be expelled.

In this matter, who struck the first match is not important. What matters is that the pile of firewood has long been stacked in their hearts, just waiting for a reason like “her behavior is unlike ours” to ignite it.

They called her unwell. They called her dangerous. And when she returns in ten years with a scalpel in hand and a license on the wall, I hope they remember how they tried to diagnose her first — with gossip.

And if she truly becomes a surgeon, may her hands never forget what it feels like to be cut open by others first.

.....

YOU ARE NOT A VICTIM AUTUMN you are not unconventional you are an homophobic bully who is obsessed with stealing and bullying vulnerable oc writers. First it was saltyneo then ondeline then ladyyomi and then reina08 you even sent pornography to a minor as revenge for exposing you so disgusting

I only write, I hardly socialize and have no personal interaction with these people

I am one of the affected writers from Lofter | China social web. Saya | Autumn ypgpgsl did the same after she bad mouthed us Yukimura writers for telling her that our writing was protected and she needed to ask for permission to use it. She created tens of invisible accounts where she harassed us and yelled at us while denying it was her in her main account. She is too mentally ill but refuses to get treatment and causes havoc everywhere so don't trust her. She called us fujoshi | japanese word for rotten girl for pairing Kazama and Demon Chief. We were kind to her when asking to credit but she was viscious in her invisible accounts but kept denying her involvement in her main account. We don't know why she does this but think that maybe she gets sadistic pleasure from causing conflict and putting herself in the front row.

I originally called the Chinese women who cyberbullied me "bitches," but now you who are falsely accusing me don't even deserve that term

Ha more proof that autumn is a hypocrite..... I was counting the minutes for you chinese Hakuoki fans to show up because i did read about you in autumn's Psychoanalytic Reflections on My Relationship with Kazama Chikage how she dares to call you BITCHES after she dared to steal your fanfics and block evade to keep bullying you for exposing her like she is doing to new people in ao3? She is disgusting did she also send kazama pornography fanfics to minors to get revenge on your side? because that's what she did the first time we found out that she stole saltyneo's fanfic.

I am not a pedophile, I dislike and stay away from children, and I have no habit of seducing minors

not trying to take sides here, just kinda confused tbh.

like ppl keep saying autumn "stole fanfics" but no one's really explained what exactly was copied? like plot? phrasing? or just general vibes?? Because i see tons of ppl writing kazama/chizuru and the ideas overlap a lot.

also, the part about sending stuff to minors, does anyone actually know when that happened? how do ppl know it was her? just trying to understand before i believe anything.

4. 1. **Hello (Guest) Sat 05 Jul 2025 02:28AM CST**

Check saltyneo's pinned post on her tumblr most of the info is there and other receipts are in our discord and in google docs from the chinese fandom in weibo - lofter.

Show me the "evidence" you fabricated from Weibo and Lofter so I can have a look

Autumn got angry when lucy the 14 years old girl told her she needed to credit salty because autumn was writting a sequel to salty's saito x chizuru - okita x oc fanfic and refused to credit her because she got angry when salty refused to keep reading her sequel because it was very mean spirited since salty's fanfic was a chizuru x saito story where kazama was the villain and autumn wrote a sequel where kazama killed saito and raped chizuru and got her pregnant but chizuru still fell in love with kazama and forgot about saito.

salty was nice to autumn even though she didnt deserved it but autumn is a very toxic person and had a meltdown and punished lucy for letting salty know that autumn had turned off the -inspired by- option in the sequel and started denying it was a sequel but everyone knew autumn was lying because she used the -inspired by saltyse- option since 2021 and tried to steal her story as revenge when salty had enough and stopped reading it for her mental health since autumn pestered salty for years asking her to read her mean sequel.

yes autumn sent kazama x chizuru porn to lucy - the minor as revenge through the comment section of salty's plagiarized fanfiction -which she already deleted - and also through her tumblr inbox she was using her public autumn - widemushroom accounts so everyone saw it and took pictures of it.

Thanks for explaining. That's a very serious accusation, so I just want to be sure I understand.

Is there any actual screenshot or link where Autumn supposedly said or did these things? You mentioned Discord and Weibo docs. Are those public, or is it just a private discussion?

It's just hard to verify anything without seeing direct proof, and I know how fast misinformation spreads in fandom. If you have anything concrete, I think a lot of people would want to see it too.

 **Important:** *Guest comments have been disabled to avoid giving a platform to the attention-starved anti-OC troll who has been harassing me since last month. I listened politely to their complaints at first 'cause I'm okay with all kinds of feedback, but they escalated to the point of commenting through multiple sock puppet accounts to bully/gaslight me after I declined to follow their "Stop writing cringy OC fics" advice, so I refuse to keep allowing them to voice their hate in my beloved fic's comment section. I'm open to receiving honest feedback, not abuse.*

That's all, I'll keep working hard to deliver the next chapter!   **Thanks as always for your continued support!**

Hi hi ladyyomi~! Thank you very much for the AO3 invite and the fanfic recommendations~! Bookmarks are great now I can keep track of the stories that I like!

I already said it but I'm sorry that you were bullied by a salty woman who is throwing a tantrum because everyone blocked her after she stole saltyneo's fanfic. I already blocked her autumnn469469 and ygpgsgl profiles here and also her tumblr profile widemushroom because she seems to be a very immature person who spreads negativity in this fandom—That post where she said that Harada was a pedophile and a rapist in hakuoki was wild!!! You can tell she never watched the series and don't get me started on her calling Chizuru fans's bitches in her anonymous profile psychoanalytic reflections on my relationship with Kazama Chikage!!!—I'm not surprised she's an AI fan because they're often this negative.

I'm sorry you had to disable guest comments ladyyomi the ocs in this fandom are beautiful and she was wrong for sending hate to you oc x canon writers just because she's mad that the oc x canon writer whose fanfic she tried to steal exposed her on tumblr. It's not fair for her to take it out on all the ocs creators just because one of them exposed her so please never stop writing or drawing! You aren't a bitch but a very talented writer and artist~! I know I'm late and need to read the next episode but I've been too busy with college but as soon as I get some time off I'll comment on the rest of the episodes I'm missing!

in there that I've reread over and over again over the years! 🙄🙄 And don't worry about that troll, I hadn't brought up the names of her alt accounts here 'cause I didn't want to shower her with the attention she's desperate for... but well, I'm not deleting your comment just to keep her from going into another meltdown. 🙄

Is it still available now?

It's funny 'cause I had already blocked her main account in 2022 after she left a rude comment bashing Souji in chapter 7, so I wasn't sure why she started sending anon messages to call my OCs "cringe" and accuse me of being "an old hag who wouldn't accept concrit" all of a sudden. 🙄 But now that you mention it, I think you're onto something and maybe this isn't something personal against me but some kind of weird vendetta against every OC maker she comes across in the tag? 🙄 It's not our fault she bullied the 14 y/o girl who exposed her (which I learned included Autumn sending Kazachi NSFW excerpts to the child's Tumblr inbox as "revenge", yikes 🙄) when she tried to pass off poor Salty's fic as hers and 99% of the fandom blocked her for it; but she's allergic to accountability and always shifts the blame to others; be it Chizuru's fans for exposing her when she plagiarized stuff on that Chinese site, or OC creators because they mass blocked her when she plagiarized one of their own. (What's with entitled AI shills and their love of stealing stuff? 🙄).

I hope your tone now can still be as fierce as it was in your comment a month ago

In my day we used to call those people "Fandom Wankers" because well, they sadly can't help but cause trouble in every fandom they set foot in, so it's best to ignore them and starve them of attention. 😊 Autumn likes to play it tough by writing anime-villain AI stuff like "I'm not asking for validation. This work is anonymous not out of fear, but as an act of aesthetic cruelty" in her author's notes, but she contradicts herself and reveals how much she's upset by the fandom ignoring her rants by writing lines such as "Those who muted me will read this in full. And as long as they search for Kazama Chikage's name—they will find me. They'll remember every word" and "I will never forgive those who cursed me, blocked me, and erased me". 🙄 It's no coincidence she started posting in Anonymous form to "force" those of us who had muted to see her posts the day after several OC writers decided to turn off guest comments to curb the abuse. For an attention-starved person, even negative attention will suffice.

You guessed wrong. I posted it at that time for the June 4th anniversary. Do you know what that is?

I'm autistic so I know how hard it's to deal with emotional regulation, but Autumn uses her depression and other mental ailments to justify her doings and, LOL, trauma/depression doesn't cause you to plagiarize fics, bully/(groom?) minors, bash other people's fics, send post-block anon hate, accuse innocent characters of being rapists/pedos out of nowhere (WTF, what did poor Sano do to her? 🙄), and post fandom drama as anonymous to force others to read your rants? 🙄 That's antisocial behavior that she should seek psychological attention for, so I hope she does it someday and learns new coping methods to deal with her issues.

You better remember how disgusting the things you said were the fic since you started reading it, Sparkles! 🙄💖 So I want you to apologize for insulting me

But, well, thanks a million for the good vibes and all the love you've shown to I've already started writing the Spanish version of Chapter 29 (Ikedaya is gonna be hard AF 'cause it's a very action/fast-paced chapter and involves lots of characters, but I'm sure it's gonna be just as fun to read! 🙄🔥). You keep giving your best at college and don't worry about commenting; I'm already super happy with the comments you sent me on social media, hehe, so take your time!

Yes it worked fine and I finally bookmarked your recommendations~! I believe I'm going to read the spanish princess because it's finished and I liked what you told me about that fanfic~!

I'm sorry I said her name I didn't know I wasn't supposed to! But I'm glad it's not a problem because you shouldn't silence yourself just because a salty woman wants to hide that she bullied so many oc x canon writers so she can continue to play the victim. I was told that she is now sending fake anonymous comments to herself to pretend she wasn't posting them everywhere and she deletes the comments that prove she is sending hate to herself— Because she writes the same way in all of them— But won't delete the hate she sent to herself which proves that they are right about her playing the victim to divert attention away. So I can see that she really is a messy person who has behavioral problems.

I do dislike Okita Souji, but I wouldn't insult him.
He was only mentioned once before autoethnography.
If you're interested, go find it yourself.

And you're not a hag she is acting like a child insulting Harada Souji and Chizuru makes no sense! Why does she think she has the right to do it as a Kazama fan? I haven't seen the second season yet but it's easy to see that Kazama is more problematic than any of them. But this is the adult woman who sends pornography to a minor to harass her for exposing that autumn stole saltyneo's fanfic so it's no surprise that she has so much audacity she also bullied you an autistic woman so she can't use her depression as an excuse because bullied people can end up getting depressed and she should know that.

Don't worry ladyyomi I will still comment as soon as I get some time off because I love Heisuke and Chie and miss them so much it hurts~! I wish I had more time to read but college is a pain.

♥️ Sparkles & Glitter ♥️

Who is really bullying whom?

Both Autumn and I have been blocked, and no one knows

Oh! The Spanish Princess is definitely a good one! I seriously enjoyed that fic and would love it to be a sequel to the original movie! 😊 Its author is very nice too, so hopefully you'll feel safe to comment on it! There are plenty of authors who love to get feedback, so please don't let the bad impression you got from that weirdo who complained that you "commented too much" get to you. 🤝💕 (I literally do a happy dance whenever I get a comment, haha, but I've been in your shoes before so I know what it's like to feel insecure, ugh).

Nah, don't worry. No need to hide her identity when even Autumn doesn't care to do so and is shameless enough to give kudos with her registered account to that Snapewives-styled victimization attempt she posted in her anonymous "Psychoanalytic reflections". 😂 It's just as I said before, it's easier for people who are allergic to accountability to blame others when they're exposed than to take a look at themselves and acknowledge that they need to change their ways. 😊 Whatever the origin of her unhinged behavior is, Autumn has been this way since she joined the fandom years ago and has serially picked on so many fans, plagiarized so many works, and spread so much negativity/bashing about Hakuouki and its characters that I'm not sure she's gonna change;

Malicious insults, by the way,
have you successfully reported it over there?
I also really want to contact the AO3 staff

You still haven't provided a single plagiarism comparison image, don't forget
It might still be possible to do some last-minute Photoshop work tonight

so it's best to just ignore her.

Heartfelt thanks for saying that Heisuke and Chie's characterization in this fic triggered such beautiful feelings in you! 🥺
 💖 Chie won't be making much of an appearance during the Ikedaya segment for obvious reasons (lol), but she will pop up later and that will then lead into some super heavy chapters on the HeiChie side, haha, so I hope you'll be excited to read them as soon as you get the chance! 🥰
 Take care, Sparkles, and thanks again for the good vibes!

I fell down a rabbit hole reading the Snape wives drama and forgot to answer sorry! And here I thought it was very strange to obsess over an animated character but wow it happened many times to other people! Not going to lie I am a bit obsessed with Kenshin and Inuyasha you know that but I would never act as obsessed as the Snape wives or that autumn469469
 psychoanalytic reflections on my relationship with Kazama Chikage. You are right autumn is allergic to accountability she wrote in tumblr denying everything and saying—I would never harass anyone, send harmful content, or behave in a way that would hurt others. If you've received anything distressing supposedly from me, I truly hope you'll know it wasn't. "This is just a note to clarify something that's been happening. Please read if you've seen any confusing or upsetting messages lately. 🍑" but she just said that as if anyone would still believe in her word without any evidence after saltyneo exposed her for plagiarizing her fanfic and being a bully with many receipts <https://www.tumblr.com/salty-hakuouki/778908688687808512/plagiarism-on-my-fic-my-statement-the-minor-that-autumn-bullied-sent-me-receipts-in-discord-too-with-pictures-of-everything-that-happened>. I want to publish all the photos on my tumblr so she will stop pretending to be innocent of everything but since my tumblr it's connected to my real life I don't know if it's a good idea because autumn could doxx me like she tried to do to that minor. I also have the photos of the hate that saltyneo you ondeline and reina08 got from her but I don't know if it's ok to post them

Yes I started reading the Cuzco fanfic but I'm afraid because I don't want to bother the writer but it's a very beautiful fanfic and Ines is so cute. You have helped me too much since you have an autism diagnoses too and are doing fine as an adult so I see you as a role model and try to be strong like you because not all writers are mean~! I talked to ondeline too because i defended her from one of autumn469469's anonymous comments and she was very friendly~! I will read her fanfics too when I'm done with college and yours too ladyyomi~! I know I will miss Chie

Knowing that autumn writes on Tumblr and still forgetting whose avatar she has, this intelligence really won't do
 You still want to compete with me on the number of logical fallacies?

Hurry up and send everything out for me to see

in ikedaya but I will be patient until she and Heisuke reunite~!

Nah, don't put yourself at risk, it's not worth it. 🙄
It's an old/small fandom and those who weren't unlucky enough to be targeted by her were there to witness it; so don't waste time playing accusatory ping-pong with her. 😏 She always does that throwing the rock and hiding the hand thing (e.g. after trying to pass Salty's fic off as hers), but the good thing is that she tends to lay low while focusing on doing damage control to save face, so hopefully we'll have some peaceful days ahead. 😊

And thanks for appreciating my advice! 💖 I also felt better when I was your age and discovered that there were other adult autistic people who made it through despite the difficulties our disability confronts us with. 🙌 You keep working hard at school, enjoy reading good stories, and (as I said before) don't even give negative attention to someone who's clearly starving for any kind of it. Take care of yourself, Sparks, I'll post the rest of the fic soon! 🙌 (But I'll make sure to post the finished chapter this time, lmao!).

Maliciously cropping and distorting what saltyneo said when saltyneo's statement was already distorted to begin with, deceiving fans like you who don't fact-check and only know how to like

Thank you for accepting request to open invisible comments. I am one of the affected writers from Lofter | China social web. Saya | Autumn ygpgsgl are the same person she bad mouthed us Yukimura writers for telling her that our writing was protected and she needed to ask for permission to use it. She created tens of invisible accounts where she harassed us and yelled at us while denying it was her in her main account. She is too mentally ill but refuses to get treatment and causes havoc everywhere so don't trust her. She called us fujoshi | japanese word for rotten girl for pairing Kazama and Demon Chief. We were kind to her when asking to credit but she was vicious in her invisible accounts but kept denying her involvement in her main account. We don't know why she does this but think that maybe she gets sadistic pleasure from causing conflict and putting herself in the front row.

Damn it, do you believe that once I find you, I'll kill you? (in Okita Souji's tone)
Don't you really like Souji? Experience the beauty of dying by his sword
You say I'm extreme, but can you handle comments like this?

Anytime! 🙌💕 I'm sorry you had to go out of your way to ask me to activate them. 😂 I'm not big on mainstream social media 'cause most of them overwhelm me, haha.

Indeed, other western fans told me she's justifying her plagiarizing and bashing of fics with the excuse of "having a non-conventional mindset that refuses to follow social rules" and that we're all excluding her due to that. 😏 Which matches that dysfunctional state of mind you mention.

She accused those who blocked her as a boundary to stop her abuse (because "not even your friends will read your cringe OC fanfiction" is not criticism, but mean-girl behavior 😏) of being "narcissists" but her lack of accountability reminds me of that disorder, so maybe it's a case of projection. Having persecution delusions 'cause you think stealing, insulting, and lying is being "non-conformist" is worrying and just as bad as her homophobia. 💔 She also called me a fujoshi in her vent-fic for including LGBT+ couples in my fic (Hijikata/Kondou + Male OC/Sanosuke), and she did it during Pride Month; which is twice as mean. (🌈👫 Love is Love!).

Don't worry, I won't trust her. I was told she's been claiming she has no alt accounts and would never harm a fly, but that's the same thing she said after mistreating Salty and Lucy... so well, the vase travels so much to the river that it breaks in the end. 😏 I hope she treats her mental health soon, both for her well being/peace and for that of the people around her.

我们建议您封锁本页面，只有注册用户才能访问，这样 Autumn469469 就无法再从本评论区吸血，为他们的仇恨咆哮小说发布素材 Psychoanalytic Reflections on My Relationship with Kazama Chikage。她渴望得到关注，因为在现实生活中没有人以她为荣，她非常嫉妒别人的才华。

Hey! I don't know a thing about Chinese so I had to run this comment through a translator to be able to read it (hope I'm interpreting it right, lmao! 😂). If I understood correctly you're advising me to restrict my fic so that only registered users can read it in order to prevent Autumn from further block evading by replying to this thread on her drama-journal? 😏

Hmm, I don't think it's gonna work since she's been also consistently stalking my other platforms to pull stuff from there 'cause I seem to live rent-free in her head ever since I committed the crime of blocking her. 🧠 If she wants to be "remembered" for hating on

Hakuouki, its amazing characters, and her fellow fans that's a her problem; I'll keep contributing fics and art to the fandom without letting her mean-girl juvenile antics intimidate me. 🥰💖 Thanks anyway for the support, I hope the Chinese side of the fandom continues to blossom without further incident!

Deku here I'm back to support you Yomi. You know how I feel about ao3 but I don't want you to lose heart over the hate and give up on Heisuke's story since I grew fond of him and Tani and Chie as well.

I already reviewed this chapter on Deviantart but I'll start doing it here when you publish the next one.

Aw, Deku! 🥺💕 You seriously didn't have to, but I really appreciate you coming back to AO3 just to support the fic! 😊 Thank you so much, your comment made my weekend! And don't worry, if I had let the antis get to me I would've stopped posting fics back in 2004, haha. 😎 Chapter 29 is going great (I've already surpassed 5K words and I still need to include 2 more scenes... so I think it's gonna be about as long as the previous one 😂), I'll send you a dA note as soon as I post the Spanish version!
